

## Peter Wellenhofer appointed new industry advisor to C•H•Reynolds

Peter Wellenhofer, formerly Chief Executive Officer at Brückner Technology Holding GmbH has been appointed as industrial advisor for the industrial technology, plastics machines and industrial plant technology sectors on the advisory council at C•H•Reynolds•Corporate Finance AG, [German member of Mergers Alliance.](#)

Peter Wellenhofer brings with him considerable experience gleaned during decades in [a](#) multiple [of](#) management roles in the plastics machines and industrial plant sector. A recognised expert in his field, he led Brückner Maschinenbau GmbH for almost ten years and was CEO of Brückner Technology Holding GmbH from its founding until the end of 2009. Under his leadership the Brückner Group became one of the worldwide leading suppliers in its sector.

Peter Wellenhofer is well-known throughout his industry as a result of his enthusiastic ~~en-~~[gagement in the](#) work ~~of~~[with](#) the VDMA engineering association. He was on the board of the plastics machines division of the VDMA and also on the regional board for the association in the German state of Bavaria.

The addition of Peter Wellenhofer brings the membership of the industry advisory council to a total of seven. As a result of their long experience, these experts can offer exceptional industry-specific strategic advice and guidance to C•H•Reynolds clients, so ensuring a quality of service which goes well beyond standard transaction advisory. Frequent detailed exchanges between the industrial advisers and C•H•Reynolds partners mean that the advisory council participates actively in C•H•Reynolds day-to-day business. This arrangement, which is rather unusual in the advisory business, has proved its value many times over the last [few](#) years, helping to ensure success for C•H•Reynolds clients.
